We are excited to introduce a new program that we are launching to engage youth in volunteerism and giving back to their communities.

Kidworx is a youth philanthropy program started by kids under the umbrella of the Christian HELP Foundation, a Non-Profit Employment Ministry. The goal of this new program is to help children in need of financial assistance to participate in arts, sports, and music programs.

The Kidworx volunteers will set up and participate in fundraising activities on a regular basis to generate scholarship funds. Additionally, they will be seeking out individuals and corporations for sponsorship dollars.

The Kidworx program will take scholarship applications and they will be reviewed by a "board" of 8 kids and at least 2 adults. Once an applicant is chosen, they will be notified, and funds will go directly to the program they are interested in. If possible, equipment will be provided as well. The selected kids will also give back 6 hours towards fundraising activities for other kids.

If you would like to be involved in supporting the Kidworx program, please check one or more of the boxes below. We appreciate your interest. In this time where schools are cutting back programs, we are excited about being able to make a difference one child at a time.
